

Rooiels Hack

June 2026

Rooiels Hack:

The Rooiels Hack takes place on the second Saturday of every month, led by Mike Christelis, and they meet at the Rooiels Village Shop at 08h30.

Mike Christelis reports as follows re the Saturday 9th May 2026 hack. "On a perfect Rooi Els morning, 17 participants took part in the fourth hack of 2026, little knowing that the storm would arrive 18 hours later. The morning's effort was directed at the large outcrops of Rooikrans growing between first and second parking, and it certainly seems to have been quite a challenge in some tricky terrain. Great progress has been made, but we will definitely need at least one, maybe two more hacks to clear this area.

He continues to say, firstly a shout out to Philip Kantor, who on only his second hack volunteered to be the coordinator as Mike and his wife were away. Philip, your willingness to help is greatly appreciated".

Next hack will be Saturday 13 June 2026

Convenor: Mike Christelis Cell: 082 467 2795
